**Licence over Research Output**

The research output which is attached is referred to throughout this licence as "Work". When submitting the Work:

I, Suk-Joong Kim agree as follows:

- ☐ I warrant that I have permission of the copyright owner to deposit the Work in UNSWorks and to grant the rights referred to under this licence

(Information about copyright owner permissions, including publisher policies can be obtained from <http://unsworks.unsw.edu.au/vital/access/manager/Help>).

**OR**

- ☐ I do not know whether the copyright owner permits me to deposit the Work in UNSWorks and I request that Library staff obtain permission on my behalf.

- 
- I grant to UNSW (acting through UNSWorks) permission to reproduce, publish and electronically communicate the Work under the terms of the Creative Commons Attribution-Non-Commercial-NoDerivs 2.5 Licence.

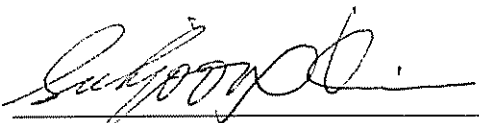

(Information about this licence can be obtained from the UNSWorks Procedure. Additional information and the full licence can be found on the website <http://creativecommons.org/licenses/by-nc-nd/2.5/au/>).

- I agree that UNSW may electronically translate, store or copy the Work in any medium or format for the purposes of future preservation and accessibility.
- By agreeing to this licence I am not transferring the copyright in the Work to UNSW or the end-users. Therefore the right to use and publish current and future versions of the Work is retained by the current copyright holder.
- I warrant that the Work I am submitting to UNSWorks is original and is not copied from another author.
- Where the Work contains third party material of which I am not the copyright holder and where that material is more than an incidental reference, I have removed the third party material or I warrant that:
- (a) I have obtained the permission of the copyright owner to grant UNSWorks the rights referred to under this licence; and
  - (b) that third party material has been clearly identified and acknowledged within the Work.

- I warrant that all co-authors of the work are listed in the attached document and that I have authority to give UNSW the rights under this licence in relation to the work.
- I warrant that, so far as I am aware, the Work does not contain offensive, defamatory or unlawful material. Should any part of the Work be found to contain such material, UNSW may remove the Work from UNSWorks.
- I agree not to deal with the Work in a manner which is inconsistent with this licence that I have given to UNSW (for example, I will not grant an exclusive licence to reproduce my Work to another person).

UNSW Library will determine collection and retention policies for UNSWorks and decide whether or not a work is accepted to be included in UNSWorks and the time at which (if at all) a work is removed from UNSWorks and therefore is no longer accessible through this repository.

UNSW is not under any obligation to take legal action on behalf of you or any other person who has rights in the Work, in the event of a breach of your/another person's intellectual property rights or any other right in the Work.
